Reduced Prices Again Reduced! Savings on Top of Savings! That's What This Great February Sale Means to You!

On January first, we reduced all of our prices to meet the new, lower levels. And now comes our annual February Sale with its ADDITIONAL reductions on our already lower prices. Just think of the savings that are yours! For in this Sale prices have reached rock-bottom—prices are now much lower, we believe, than they will be at any time during the coming year—yes, perhaps lower than they will be for some years to come. That's why this Sale is of far greater than the usual importance to you.

Of course, reductions in themselves mean little or nothing—but coupled with Aaron quality Furniture, Rugs, Carpets, Stoves and Homefurnishings—they represent a matchless value-giving opportunity—one that you can't well afford to miss. Then too, every article that enters into this Sale is backed by the usual Aaron "satisfaction guarantee" — your assurance of complete and lasting satisfaction. Convenient terms of payment can also be arranged—enabling everyone to take advantage of these savings.

THE RANKS RAPIDLY THINNING.

The death of William C. Reynolds orings impressively to the attention of the older men associated with the coking industry of the Conneilsville region the fact that the ranks of the plant managers whose service has covered the most important period in the regions history, and who attained leadership and won the admiration of their lettows, are being rapidly thinger.

With an experience which began as on an experience which began as an employe in a minor capacity of the Councilsville Coke & Iron company, the builder of Loisen ing Nos. 1 and 2 in the early 50's, which soon led to his elevation to positious of larger responsibility in the management of important plants which successively emportant plants which successively experiences. bodied the latest and best practice in coal mining and coke manufacture his service was coincident with the growth and development of the great industry which has made the name Connellsville known wherever coke is

produced or consumed.
In his several capacities Mr Res-nolds achieved the rate distinction of baing a capable handler of men, enlisting their interest and cooperation and developing a care spirit of loyalty to the company-both he and they were coving. His knowledge and skill of coke making were conceded by the legion generally to be exceptional, and the results admittedly placed the plants under his control in first place. as producers of the region's premier

As a man and citizen Mr Reynolds enjoyed the respect and confidence of his neighbors, and friends. He dis-charged his obligations and duties in the same modest and unassuring namer with which he performed his daily tasks as the manager of the coking operations in his charge Athengin not dentified with the coking industry during the closing years of his life, he was applying his light overshouse to the new laction. rich experience to the pre inction of cont hence still regarded as one of the regards u ctul factors. MR. COCHRAN'S GIFTS TO BETHANY COLLEGE.

The gift by M. M. Cochian, president of the Washington Coat & Coke company, and the prime factor in all the large enterprises centering in Dawson and vicinity, of a hair million to Bethany College, making his total benefactions three-quarters of a million, was not prompted by a desire to become the leader in Fayette county in donations to the cause of higher education.

An alumnas of this historic insti-

surely attained a substantial growth, and its importance as a seat of jearning has become more generally recognized, particularly among the religious brotherhood of which the founder of the institution and Mr. Cochran himself are members, new opportunities have been presented to this gon-orous friend of his aima reaser to show appreciation of the college's influence in his own life, and at the safe time to enable him to assist in making its educational facilities available to a larger number of ambilious young men and women.

With no thought, and little con eern, as to the distinction his gifts were bringing him Mr. Countain has simply done what appended to him as an obligation which he esteemed it both a privilege and a duty to discharge. This he has done with a modesty that indicates the curnest and sincere desire of the man to render worthwhile service, not to direct unthe stewardship of wealth

From the demands France is making on Germany to disbund her army and otherwise adhere to the terms and conditions of the Versailles treaty it begans to appear that this document is to be regarded as somewhat more than a scrap of paper. At least, that is what France thinks about it.

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action. 11 ,

ORIGINAL COST

In making your original investment in this car, you receive the benefit of the manufacturing savings estimated at 20% to 25%, made possible by complete manufacture in the new modern \$20,000,000 Studebaker plants at South Bend, Indiana, because-

- (a) the price includes but one manufacturing profit on castings, forgings, stainpings, motor, axles, transmission, frame, body, top, etc.
- (b) the amount of overhead expenses included in the price is very small.
- (c) excess weight is eliminated without sacrifice of durability or quality. The shipping weight of the car, 2500 pounds, is distributed equally over the four wheels.

OPERATING SAVINGS

In operating this car, you receive the benefit of the economic, advantages arising from its superb design, skillful manufacture, excess safety factors, and high quality, because-

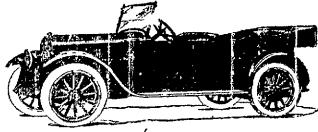

- (a) it will go from 12 to 15 thousand miles on the standard
- (b) it will go from 18 to 22 miles on a gallon of gasoline.
- (c) it will render from 8 to 10 years of satisfactory service.
